SUMMARY

I am a Web Developer that has an amazing communication skills and great work ethic. Possesses excellent leadership and has a strategic mindset in managing tasks and responsibilities. A highly competitive individual who strives to produce the best possible output on a given task. Willingness to sacrifice other obligations in order to highly prioritize a given task/project.

PROFESSIONAL EXPERIENCE

Connected Technology │ CSS NC2 OJT   Nov 2022

- Designed network layouts using Packet Tracer, creating efficient and reliable network topologies
- Configured peer-to-peer networking setups to optimize local communication and data sharing
- Established server-to-user networks, ensuring seamless data flow and connectivity
- Gained hands-on experience in computer assembly and disassembly, improving hardware troubleshooting and maintenance skills

Avasia Information Systems inc. │ Web Developer Intern   March 2023 - July 2023

- Developed user authentication systems using Cordova to ensure secure access and authentication processes
- Created a Company Job Application Form integrating MySQL, Mustache JS, jQuery, Slim PHP, and Ajax to optimize data handling and enhance user interaction
- Crafted comprehensive documentation for a Transport Route Project, utilizing Google Maps API and routing functionalities to provide clear implementation guidelines

P.C.E.S inc. │ Mobile Application Developer   Sept 2023 - Feb 2024

- Developed websites using PHP and JavaScript to create dynamic and responsive web applications
- Designed websites with WordPress CMS, utilizing HTML and JavaScript to enhance functionality and user experience
- Created professional presentations tailored for B2B and B2C clients to effectively communicate business solutions
- Designed the full UI/UX of a mobile app using Figma, ensuring a seamless and user-friendly interface
- Initiated the development of a mobile application version of the company's primary product using Flutter and Dart
- Led and managed the IT team, improving organizational efficiency and establishing systematic workflows

Philippine Statistics Authority │ Systems Developer Intern   Oct 2024 - Dec 2024

- Gained in-depth exposure to PSA's operations and the BRAMS/BRAP Project through multiple workshops and meetings.
- Strengthened JavaScript proficiency by completing a comprehensive course covering essential concepts such as HTTP vs. HTTPS, encryption, and hashing.
- Advanced skills in Golang through various courses and by setting up local client-server connections.
- Contributed to UI/UX design discussions for the BRAP application and documented technical insights during project sessions.
- Expanded front-end capabilities by learning ReactJS (including API fetching) and exploring modern web technologies such as Next.js and Supabase for streamlined development workflows.

Anehan IT Solutions (Freelance)   **March 2025 - August 2025**

- Built the client fitness app website using Next.js, MUI, and Tailwind CSS, with TanStack Query for Firebase data fetching.
- Developed the fitness app admin dashboard using React (Vite + Bun) with ShadCN UI, integrating Firebase Functions and Express.js for backend features.
- Created the main company website (Anehan AgriTech) using React (Vite) and Material UI.
- Developed the Anehan IT Solutions corporate website using React (Vite) with Tailwind CSS for client-facing services.
- Deployed applications using Firebase Hosting and Vercel
- Used Jira for sprint planning, task tracking, and project collaboration.

Fundamental IT Solutions | Junior Frontend Developer   **April 2025 - August 2025**

- Built and optimized responsive web applications using ReactJS with component libraries such as MUI, Ant Design, and ShadCN UI for scalable and consistent interfaces.
- Developed Next.js applications with MUI, focusing on performance, routing, and SEO optimization.
- Integrated REST APIs from backend services using Axios and Tanstack Query to deliver dynamic and real-time user experiences.
- Implemented form handling, data validation, and state management with Zustand, and custom hooks.
- Contributed to UI/UX design implementations, ensuring accessibility, responsiveness, and cross-browser compatibility.
- Deployed projects using Cloudflare Workers with Wrangler, Netlify, and GitHub Actions for automated CI/CD workflows.
- Utilized Jira for project management, sprint tracking, and collaborative task management.
- Improved developer workflows by following clean coding practices, reusable components, and version control (Git/GitHub).

SKILLS

FRONTEND WEB DEV

Tailwind CSS
Material UI
Zustand
Shadcn
Postman
Axios
Tanstack Query
Tanstack Router
ReactJS
NextJS
Bootstrap
SCSS
AntD
Typescript

SOFTWARE DEVELOPMENT

UI/UX
Flutter
PHP
WordPress
JavaScript
Express JS
Git
Firebase
Python
MySQL
Vb.net
Java
React Native
Node JS (Bun, Yarn, Pnpm, npm)

OTHERS

Canva
Graphic Designing
Odoo ERP
Figma
System Administration
Networking
Data Analytics
PC Assembling
Project Management

TRAININGS / CERTICATES

COMPUTER SYSTEM SERVICING NCII   **November 2022**
Mindtech Training Institute
Certificate No. 22131202004881

RESPONSIVE WEB DESIGN   **August 2023**
Freecodecamp.org
Certificate link: bit.ly/3VuDDEA

PYTHON FOR DATA SCIENCE   **August 2021**
Cognitive Class
Certificate Id. fe528843169448c5a8e19957e27076b3

INTRODUCTION TO SECURITY   **August 2023**
Cisco neTworking academy
Certificate Link: bit.ly/3z0zFMm

JAVASCRIPT ALGORITHM AND DATA STRUCTURES   **October 2024**
Freecodecamp.org
Certificate link: http://bit.ly/41st6yD

JAVA NCIII TRAINING   **June 2023**
Digital Arts Technology and Training Center inc.

EDUCATION

Polytechnic University of the Philippines - Sta Mesa   **Completed in 2023**
Diploma in Information Communication Technology

Lyceum of Alabang   **Completed in 2025**
Bachelor of Science in Information Technology
